NORTH CAROLINA AFFAIRS.

The venerable Bedford Brown, of North Carolina, the only surviving Senator of the period of 1829, which dated the commencement of General Jackson's administration, passed through this city yesterday *en route* to Washington. We understand that he goes in behalf of the people of Caswell county to confer with the President as to the frightful condition of affairs in that county, and that his mission is in the interests of peace and order. We sincerely wish that it may prove successful. M. Brown's age, experience, high standing and conservative antecedents peculiarly fit him for this mission. He opposed secession, and exerted his influence to defeat it. His county (Caswell) was carried against it by a vote of nearly two to one.

We published yesterday a telegram from Raleigh, in which the high-handed doings of Holden's militia Colonel, Kirk, in various counties of the State, are recounted.—He arrested unoffending citizens and hoots at the writ of *habeas corpus*. He places counties and towns under martial law in the most unceremonious manner, and organizes military commissions to try citizens, as if there were flagrant war and his authority supreme. The same telegram referred to communicated the intelligence that he surrounded the Court House of Caswell county with his myrmidons, while a Conservative meeting was in progress, and arrested some half dozen or more prominent citizens. Of course, he pleaded some pretext for this outrage—for pretexts are never wanted by such men. The real reason of this lawless proceeding, as of all the others we hear of, is the determination of Holden, Kirk and company to carry the elections, which occur in August. They are getting up a reign of terror, and hope by means of it to sweep the State.

We hear no complaint from the people of North Carolina of the Federal troops stationed among them. On the contrary, they speak in the most favorable terms of their conduct. It is by HOLDEN'S State troops, commanded by KIRK, that the oppression and tyranny are exercised.

In this connection, we give the following editorial paragraph from the Raleigh SENTINEL, which says:

"The Federal troops are here to aid in executing the civil laws, and not for the purpose of sustaining the lawless efforts of Holden to overturn society and establish civil strife. The United States troops will not hesitate to aid in the execution of the writ of *habeas corpus* if need be, and they will force Governor Holden to behave himself as soon as anybody else, and, if necessity requires it, he will see how this is."

We feel deeply for our North Carolina friends, and hope, still, that the Washington authorities will interpose between them and their persecutors.—*Richmond Whig.*

MARSHAL MACMAHON.

Marshal MacMahon, who holds chief command of the French army, has well earned the reputation of a brave and skilful soldier. His father was a lieutenant general in the armies of France, and had him educated at the military school of St. Cyr. At the age of nineteen he was sub-lieutenant in the Fourth hussars. He exchanged into a regiment bound for Africa, where, on the hill of Morzai, General Clanzel rewarded him with the cross of the legion of honor on account of the reckless daring he had displayed. An incident in the African campaign shows his intrepid character. At the close of the successful battle of Tschia, General Achard wished to send an order to Colonel Rulhieres, at Blidah, between three and four miles off, to change the order of his march. This commission he entrusted to MacMahon, and offered him a squadron of mounted chasseurs as an escort. He declined their protection and rode off alone. His journey lay entirely through the enemy's country, which was rugged and irregular.

After more brilliant services in Algeria, the Austrian war next called him to the field. In one week from the commencement of hostilities the French had driven back the Austrians across the Ticino, turned their flank and forced them to give battle. With a suddenness which the French had not anticipated, the Austrians, on the 4th of June, 1859, with a force of 150,000 men, attacked the advancing French at the bridge of Magenta. The choicest French troops were there, and they met the attack with unbroken front and drove back the foe with loss. But the Austrians reinforced at every moment, seemed destined to be the victors. MacMahon with the force under his command had early in the day crossed the river father up to execute a flank movement. He heard the booming of the guns, and in a moment realized the situation. Hastily reversing his orders he advanced against the enemy. The movement proved decisive. The Austrians were utterly routed and fled in disorder, leaving 7,000 prisoners in the hands of the victors, and 20 000 soldiers killed and wounded on the field of battle. In 1861, MacMahon, now duke of Magenta attend the coronation of William of Prussia whom now he encounters in deadly warfare. In physical appearance Marshall MacMahon is rather below the middle size with small but well shaped face and head, and spare, high some figure. He is now in his sixty second year.

About 600 yards from Blidah lay a ravine broad, deep and precipitous. MacMahon had risen close to the ravine, when suddenly he beheld a host of Arabs in full pursuit of him from every side. One look told him his chances. There was no alternative than to jump the treacherous abyss or be butchered by his pursuers. He set his horse's head at the leap, put spur and whip to it and cleared the ravine at a bound. The pursuing Arabs, dismayed, ventured no further, and only sent after the daring soldier a shower of bullets as horse and rider rolled over [illegible] the other side, with the poor steed's leg broken. At the attack on Constantine he received further promotion. He continued connected with African warfare and public affairs until the opening of the Russian war, when more favorable opportunity to attain military fame presented itself. On the 8th of September the perilous honor devolved upon him of carrying the Malakoff, which formed the key of the defences of Sebastopol. The impetuous ardor of his troops proved irresistible. They entered the works and maintained for hours a desperate conflict with the Russians. Pellissier, the commander in chief, believed the fort was mined. He sent MacMahon orders to retire, "I will hold my ground," was the reply, "dead or alive." Success crowned his bravery, and the tri-color soon floated above the fortress.

GEN. HAWKINS AND THE MILITIA BILL.

On the 16th day of December last the notorious and infamous bill, known as the Shoffner militia bill, under the pretended authority of which good citizens of this State are now being arrested without even being told what charges are against them, was under consideration in the Senate.—The following is an extract from the Senate Journals, page 187:

"Mr. Shoffner moved a suspension of the rules to place the bill on its passage and to transmit it to the House of Representatives.

The motion prevailed by the following vote:

YEAS—Messrs. Bellamy, Brogden, Burns, Blythe, Cook, Cherry, Eppes, Forkner, Galloway, Hayes, Harrington, Hyman, HAWKINS, Jones, of Columbus, Jones, of Wake, Lassiter, Legg, Martindale, Moore, of Carteret, Moore, of Yancy, Richardson, Shoffner, Smith, Stephens, Sweet, Welker and Winstead—28.

NAYES.—Messrs. Beall, Beeman, Graham, Jones, of Mecklenburg, Lindsay, Melchor, Murphy, Respass, Robbins, Scott and Wilson—11.

The bill was read the second time.

Mr. Graham made the point of order that the bill was required to be read on three separate days.

The President decided the point not well taken.

Mr. Graham appealed from the decision of the chair.

The Senate sustained the decision of the President by the following vote:

YEAS—Messrs. Bellamy, Brogden, Burns, Blythe, Cook, Eppes, Forkner, Galloway, Hayes, Harrington, Hyman, HAWKINS, Jones of Columbus, Jones of Wake, Lassiter, Legg, Long, Martindale, Moore of Carteret, Moore of Yancey, Richardson, Scott, Shoffner, Smith Stephens, Sweet, Welker and Winstead—28.

NAYS.—Messrs. Beall, Graham, Jones of Mecklenburg, Lindsay, Melchor, Murphy, Robbins and Wilson—8.

From this it will be perceived that Gen. Hawkins voted for this infamous bill. He dodged it on the 2nd and 3rd readings, and denies that he voted for it at all. Says that he was opposed to the bill and would have voted against it if he had been present. It may be that General Hawkins does not know that a vote to suspend the rules and press the bill through in a hurry was a vote in favor of the bill. If so, he is excusable, but the people ought to send some one to the Senate in his place, who will know when he is voting *for*, and when *against* a bill. But he said that if he had been present he would have voted against the bill. The Journal shows that he was *present*.

We understand that no one among the Radical candidates defends this bill. It is well for them that they do not, for it is condemned by all good people.

ANOTHER OUTRAGE.

We learn that Judge Mitchell, during the past week, issued a writ of *habeas corpus* for some party or parties in custody of Kirk. When it was delivered Kirk tore it up in the presence of the man who served it, and ordered him to leave, which he forthwith did, but that he was subsequently pursued, arrested on the road and carried back to Kirk's camp, where he is now held a prisoner.

Is this, too, by the Governor's order? We suppose so, as the Governor says Kirk was acting under his orders in making arrests.

MORE TAXES.—We learn that one of Kirk's officers was in town last week, purchasing horses and wagons for Holden's army. He purchased twelve horses and a number of wagons, with the necessary outfit of harness &c.

TAX payers of North Carolina, you have got to pay for all this, that is, if you will *agree* to do it on the 4th of August. Enormous and unnecessary expenses are incurred; money is wasted like water, and you are to be taxed, taxed, taxed! to pay it all, unless you repudiate it at the ballot box.

THAT MIDNIGHT ATTACK.

We noticed, on Saturday, as an item of local news, the pretended attack on the camp of negro troops at Baptist Grove, on the previous night, and expressed doubt of the truth of the statement. Those doubts have not been removed by inquiry into the facts and by the notice of the affair in the Local column of the *Standard* this morning.

Late on Saturday afternoon, we met Col. Clarke on the street and asked him about it. He said "the camp was certainly fired into. That a *white man* fired *five pistol shots* into the camp, and that the soldiers fired on him in return."

The *Standard* says, "just as the policemen turned off the gas at the corner of the Grove, *four men* fired immediately in the direction of the camp, and then ran, the guard returning the fire but no one was hurt."

Now let us look at the statements: Col. Clarke says *one white* man fired five pistol shots into the camp; the *Standard* Reporter says, *four* men fired into the camp.

The mass occurred about midnight, the time the police always turn off the gas.—How could Col. Clarke see that it was a white man? If he could see to distinguish color, he ought to have been able to see the number; he says there was one white man, the *Standard* says there were *four* men! Which is right?

We have taken pains to make inquiries, and we have been unable to find any one residing in the neighborhood who heard the firing on the camp, or any firing until the negroes in the camp commenced shouting, "shoot him!" and firing off their guns into the surrounding houses and fences, to the terror and danger of those living round the square.

We don't believe one word of the attack on the camp. If there be the great and fearful organization that is pretended, would it be likely they would send one man, or *four* men on such an expedition? Or would any one man or four men, unless they were drunk or fools, engage in such a foolhardy enterprise.

We believe the statement is without foundation in fact, or if there was any foundation it was a mere sham *to serve a purpose*. And we believe that all sensible people, on a knowledge of the circumstances, will come to the same conclusion.

FRAUDS! FRAUDS!!

The Radicals are determined to carry this election, if they can, and to do so will invoke the powers of heaven, earth and the lower regions—employing, hypocrisy, sophistry, lies, frauds and every species of rascality.

They have already begun their ticket frauds. We have before us now a ticket printed in this city for Chatham county, headed "Conservative Ticket." It has the name of "W. M. Shipp," for Attorney General, "for 41st Congress, R. B. Gilliam," the space for 42d Congress is left blank, and then comes the cream of the joke,—"for State Senate, *Silas Burns*."

Now, how long has Silas Burns been the Conservative candidate for the Senate in Chatham? Within two weeks, or such a matter, the *Standard* was "authorized by Mr. Burns" to say that he should vote for Jim Harris for Congress! Now, here he is having bogus Conservative tickets printed with his name on them, and *Jim Harris's left blank!*

Look out, people of Chatham, there is rascality intended to be practiced on you by somebody.

Look out people of every other county. The *Standard* has taken down its job press and moved it to a private room to print secret tickets on. Have your vigilance committees at the ballot boxes, and watch these moles; they will practice all manner of fraud if not watched.

THANKS.

The people of North Carolina are under deep obligation to those Northern and Southern Journals that have done them the justice of setting them right before the world, in this their dark hour of wrong and oppression, when bad men in office in our State, and the Chief Executive of the nation under false impressions made on his mind by interested parties, seemed determined to crush out the last vestige of liberty from our people.

We have no fear of the ultimate triumph of truth over falsehood, but at present we are passing through a fiery ordeal, when the voice of sympathy and of manly vindication is peculiarly gratifying to our hearts.

FRANKLIN COUNTY.

J. T. Harris, the Radical candidate for the House of Representatives for Franklin county, is understood to be thoroughly committed to vote to lay a tax on the people to pay the Governor's standing army expenses. Let the tax payers of Franklin look to it.

Gen. Phil. Hawkins and Judge Olds, candidates for the Senate in this district on the Radical ticket, are both in favor of, and if elected will vote for, a tax upon the people to raise the two or three hundred thousand dollars to defray the expenses of the Governor's war movements, and the other county candidates occupy the same position.

REGISTRATION.—We have not heard how the registration in the various townships of the county is progressing. We hope our candidates do not forget to keep the people alive to the importance of a thorough registration.

In this township, up to Saturday night, the totals stood, whites 474, colored 686.—We again urge upon every Conservative and Democrat in the township to be prompt in this matter. We *must* vote our full strength here. If we do this the prospect is most flattering, nay, almost certain that we shall carry the county. *The country is all right.*

Wilmington is anxiously expecting the arrival of a new Steam Fire Engine.

TO THE PEOPLE OF NORTH CAROLINA.

Fellow Citizens:

We feel called upon to address to you again a few words of admonition and counsel.

The Governor of the State, W. W. Holden, has assumed the power, to enlist and to organize at great expense to the State, a large body of armed men, a portion of which he has sent into the counties of Alamance and Caswell, where they have arrested many of the leading, most peaceful and unoffending citizens.

These arrests have been made without warrant from any magistrate or Judge and by the order of the Governor only, as he avows. The charges if any upon which these arrests have been made have in no instance, as we are informed, been made known to the parties arrested but, when the cause of arrest has been demanded, it has been refused, and the parties since held in close custody.

This armed force is not composed of the *militia* of the State, as seems to be supposed by many. It is a volunteer and enlisted force, partly colored, and a part of whom are Tennesseans, not citizens of this State. They are organized into regiments and called "N. C. State Troops," and the portion actively engaged is lately making arrests is commanded by a man called Kirk of the State of Tennessee.

Though the power of the Governor to raise such a force has all the while been asserted by him, yet no law has been shown to authorize it, and we are confident that none such exists.

It is very generally believed, and there is much ground for such belief, as we have reason to know, that this armed movement has been set on foot by preconcert and arrangement just before an important general election in the State for the purpose of controlling it by intimidation, or defeating it entirely, by provoking the people to a violent conflict with the armed men referred to and then proclaiming the whole State in insurrection. The next step would be to subject a large portion of our people to all the horrors of a military despotism knowing no law but the will of him who may control it. That such an unheard-of and wicked purpose should exist would ordinarily seem to be incredible. Nevertheless facts within our knowledge, and circumstances apparent to all, leave no doubt on our minds that such a purpose does exist.

The Governor of the State has claimed that he has authority to declare any county in the State in insurrection, and when so declared, that the laws and civil authority in any such county is at an end, the writ of *habeas corpus* suspended, and that he has then a right to have any citizen arrested and have him tried without jury, by a military Court.

Writs of *habeas corpus* were sued out by the parties arrested before Chief Justice Pearson. He has decided that the privilege of the writ of *habeas corpus* is not suspended, and that the Governor has no right to have any one tried in any other way than by the regularly constituted Courts of the State; and he has issued a writ commanding that the parties held in custody be brought before him to be dealt with according to the law of the land; and ordered a copy of the writ, together with his opinion, to be delivered to the Governor, whose duty it is to see that the law is executed.

The Governor, though served with the writ on the 23rd inst., has not yet taken any steps to comply with the mandate of the Chief Justice. It is said he will make known his determination to-morrow. That he should for a moment hesitate to recognize and enforce the law as expounded by the highest judicial officer in the State is to us a matter of amazement. His solemn oath positively obliges him to obey the decision of Chief Justice Pearson.

But, whatever may be done, we earnestly and respectfully admonish all our people opposed to these high handed measures to abstain from violence, and urge them to be quiet, but firm and determined, and to go to the polls on the day of election and vote unless prevented by violence.

The ballot box, we hope will prove a peaceful remedy for existing evils; there let the people of all classes and races set the seal of their condemnation upon those who now thus inflict upon them injury and outrage. Bear present unusual evils for a while, rather than fly to worse, if possible, for relief, in the circumstances by which we are surrounded. If we are prudent this state of things cannot last long. Partial but peaceful redress for flagrant wrongs will come in due course of time.

And so again we exhort you to abstain from violence, to be firm and determined, and by all means to vote as the surest means of speedy redress.

SUPREME COURT.

MONDAY, July 25.

The following cases were argued to day, which closed the arguments for this term, to-wit:

State and Melissa E. Banks vs. Daniel R. McIntosh, from Yancey county. Counsel for State, Attorney General, and for defendant, Messrs. Phillips and Merrimon.

J. L. Smith and R. A. Penland vs. Chas. Dewey, assignee in Bankrupty, from Haywood county. Counsel for plaintiff, Thos. Bragg, Esq., and for defendant, Messrs. Moore, Phillips and Merrimon.

State vs. Fa cha-natah (an Indian) from Jackson county. Counsel for State Attorney General, and for defendant, Messrs. Phillips and Merrimon.

AT WORK AGAIN.—A gentleman, yesterday from Lumberton, states, says the Wilmington *Journal* of Saturday, that the Robeson county desperadoes are again at work. On Tuesday night last, a gang of them went to the residence of a Mr. Townsend, about 14 miles from Lumberton, and began an attempt to break into his smokehouse.—Mr. Townsend, who was in bed, was aroused by the noise and taking his gun with him, sallied out. He perceived a number of figures around the smoke house and fired into them, but probably without effect. His fire was returned when, being fortunately uninjured, he entered his house and procured another gun with which he again fired at a man who was passing the corner of the house. This time, he thinks that he hit the mark. This last shot was answered by a rapid and continuous firing from the desperadoes, none of which, however, proved effectual, only a spent ball having stricken Mrs. Rowland, of Lumberton, a sister to Mr. Townsend, in the shoulder. The smoke house was afterwards rifled and a large quantity of bacon, meal, &c., carried off.

The paper collar business is flourishing in Wilmington as well as elsewhere.

CHEIF JUSTICE PEARSON AND THE STANDARD.

The *Standard* of to day has an article highly eulogistic of Chief Justice Pearson's opinion in the case of the application of A. G. Moore for a writ of *habeas corpus*. We have no objection to the article so far as it eulogises the Judge, but we do object to its misrepresentations of the opinion, and its attempt to produce the impression that the opinion sustains the conduct and intention of Gov. Holden in relation to the arrest and detention, by the military, of Mr. Moore.

What was that conduct and intention? It was, as is proved by the affidavit of Mr. McAlister, by the Governor's reply to the letter of the Chief Justice, and by Mr. Badger's argument founded thereon, to have Mr. Moore and others arrested; to deprive them of the benefit of the writ of *habeas corpus*; and to have them tried and punished by a military Court. What does the Chief Justice say to this? Read the following extract taken from his opinion:

Mr. Badger, of counsel for His Excellency, relied on the Constitution: "The Governor shall be commander-in-chief, and have power to call out the militia to execute the law, suppress riots and insurrections and to repel invasion," Art. XII, sec. 3. And on the statute, act 1869-70, chap. XXVII, sec. 1, "The Governor is hereby authorized and empowered, whenever in his judgment, the civil authorities in any county are unable to protect its citizens in the enjoyment of life and property, to declare such county to be in a state of insurrection, and to call into active service, the militia of the State, to such an extent as may become necessary to suppress the insurrection;" and he insisted,

1. This clause of the constitution and the statute empowers the Governor to declare a county to be in a state of insurrection, whenever in *his judgment* the civil authorities are unable to protect its citizens in the enjoyment of life and property. The Governor has so declared in regard to the county of Alamance, and the judiciary cannot call his action in question or review it, as the matter is confided solely to the judgment of the Governor.

2. The Constitution and this statute confers on the Governor all powers "necessary" to suppress the insurrection, and the Governor has taken military possession of the county and ordered the arrest and detention of the petitioner as a military prisoner. This was necessary, for unlike other insurrections, it is not open resistance, but a novel kind of insurrection, seeking to effect its purpose by a secret association spread over the country, seeking to effect its purpose by secret association, scourging and other crimes committed in the dark and evading the civil authorities by masks, fraud, perjury and intimidation. It follows, that the privilege of the writ of *habeas corpus* is suspended in that county, until the insurrection be suppressed. I accede to the first proposition; full faith and credit are due to the action of the Governor in this matter, because he is the competent authority, acting in pursuance of the constitution and the law. The power from its nature must be exercised by the Executive, as in case of invasion or open insurrection. The extent of the power is alone the subject of Judicial determination. As to the second, it may be that the arrest and also the detention of the petitioner is necessary as a means to suppress the insurrection. But I cannot yield my assent to the conclusion; the means must be *proper*, as well as necessary, and the detention of the petitioner as a military prisoner, is not a proper means, for it violates the Declaration of Rights: "The privilege of the writ of *habeas corpus*, shall not be suspended."—Constitution, Art. I Sec 21. This is an *express* provision, and there is no rule of construction or principle of Constitutional law, by which an express provision can be abrogated and made of no force by an *implication* from any other provision of the instrument.

The clauses should be construed so as to give effect to each, and prevent conflict.—This is done by giving to Art. XII, sec. 3, the effect of allowing military possession of a County to be taken and the arrest of all suspected persons, to be made by military authority, but requiring by force of Art. 1, sec. 21, the persons so arrested, to be surrendered for trial, to the civil authorities on *habeas corpus*, should they not be delivered over without the writ.

This prevents conflict with the *habeas corpus* clause and harmonizes with the other articles of the "Declaration of Rights," trial by jury &c., all of which have been handed down to us by our fathers and by our English ancestors, as great fundamental principles, essential for the protection of civil liberty.

I declare my opinion to be, that the privilege of the writ of *habeas corpus* has not been suspended by the action of his Excellency. That the Governor has power under the Constitution and laws to declare a county to be in a State of insurrection, to take military possession, to order the arrest of all suspected persons, and to do all other things necessary to suppress the insurrection, but he has no power to disobey the writ of *habeas corpus*, or to order the trial of any citizen otherwise than by jury, according to the law of the land. Such action would be in excess of his power.

The Judiciary has power to declare the action of the Executive, as well as acts of the General Assembly, when in violation of the Constitution, void and of no effect.—Having conceded full faith and credit to the action of his Excellency within the scope of the power conferred on him, I feel assured he will in like manner give due observance to the law as announced by the Judiciary. Indeed he cannot refuse to do so, without taking upon himself, the responsibility of acting on the extreme principle, "The safety of the State is the supreme law." I will venture to hope, as evil as the times may be, our country has not yet reached the point when a resort to extreme measures has become a public necessity.

It will be seen from this, and we call up on every man in the State to mark it, that the Chief Justice decides,

1. That the writ of *habeas corpus* is not, and cannot be suspended in this State by Governor Holden.

2. That though the Governor may declare a county in a state of insurrection, and may order the arrest of persons for violating the law, yet the prisoners must be delivered over to the civil authorities for trial, and if found guilty, for punishment. If Governor Holden really and truly admires the opinion of Chief Justice Pearson, let him show it by obeying its injunctions.

MR. EDITOR:—The Conservative and Radical candidates for the Legislature in Johnston are canvassing the county. J. B. Cook, radical candidate for the Senate, declares on every stump, that if elected, he will not vote one cent to pay Holden's troops. B. R. devised by the talented and distinguished actuary CHAS. N. MORGAN, which must make it the leading Company in America, for persons in

MODERATE CIRCUMSTANCES,

and all who appreciate and demand the most UNQUESTIONABLE SECURITY, at rates in each case decidedly lower than those of the leading Mutual Cash Companies.

The Excelsior issues Policies on all the plans of *Mutual* or *Stock* Companies, extending to policy holders, all that is really desirable advantages. Its policies being *non-forfeiting*, the insured on its profits, are allowed 30 days grace for payment of renewal of premium, a cash surrender value of policy, and a privilege which has never been offered by any other Company, that of converting Policies into

ANNUITY BONDS,

after the payment of 5 or more annual premiums.

Hitherto, I have been restricted in the very popular Company which I had the honor to represent to *Stock rates* alone, which most of the *Mutual*, and mixed Companies have adopted. This disadvantage, together with the multiplication of many new Companies, in this State, who claimed to possess unusual charms, together with the extraordinary attractions presented by the popular features of other Companies, represented in this State, without an exception, and the additional privilege of converting policies, which the holder can not afford to keep up, or wishes to discontinue, because of the death of those for whose benefit the policy was obtained, led me to accept the management of that Company, whose plan combined all the *Annuity Bond* which provides an *income in cash through life, or for a series of years as preferred.*

Circulars giving full explanations and any other information, will be cheerfully furnished. The most liberal arrangements, will be made with first class solicitors, to push the Excelsior forward in the Old North State, to that position which her low rates and most ample security entitle her to occupy.

There is but little over a week to the day of election. Every voter in Wake county must register or he cannot vote. Don't neglect it a day, but register, and then go quietly to the polls and cast your vote against the corruptions and oppressions; the military humbugs and high taxations that are grinding you to the earth and eating up the products of your labor.

Be sure to read all of the new advertisements.

F. of T.—Owing to the unpropitious state of the weather on last Monday evening, the anniversary address of Oak City Council, Friends of Temperance, No. 16, was postponed until this evening, when Rev. R. H. Whitaker will deliver it. Those friendly to the order are invited to be present. Doors opened at 8 o'clock P. M.

RELIGIOUS.—Rev. Edward Benders, D. D. D. of Texas, who is traveling in our State for rest, and stopped over in our city, preached yesterday morning at Christ Church, and at night at St. Augustine Church. He will preach again at the last named Church on Wednesday evening at 8½ o'clock.

HILLSBORO DISTRICT CONFERENCE.—All ministers and delegates attending the District Conference at Company Shops will pay one full fare, and return free. On arriving they will be met at the hotel and appointed to their homes.

T. J. GATTIS, P. E.

WHAT IS IT FOR?—For several nights a number of negroes have been in the habit of keeping watch in front of our office, and have been seen there as late as three o'clock in the morning. What do they want? Who placed them there?

UNDER THE WEATHER.—"Hon." James Hardis has "took sick," it seems, and is lying up to recruit his mental and physical energies. From what we hear from the various points he has visited, he has had enough to make him sick.

"Gen." Phil Hawkins, we learn, has got things mixed up, and need his ability to untangle them. When asked by Judge Fowle if he was in favor of taxing the people to pay Holden's standing army, he promptly answered "no!" "Then how are they to be paid?" asked the Judge. "Well, I suppose they will be paid out of the Treasury," answered Cousin Phil. The General will have to "explain his explanation."

"Rev." Stokes Franklin couldn't stand the pressure, and backed down, and the committee put Henderson Hodge on the track in his place. Henderson was immediately taken down with the "throughs," and can't canvass.

"Rev." Young was recently heard to say that "this was the first time he had undertaken such a business, and if the Lord spared him, it would be the last."

It is rumored that "Capt." Lee recently went to Boston to make arrangements for his return to Bis-ni home there immediately after the 4th of August.

The others of the squad are suffering with pains in their moral stomachs and looking quite "down in the mouth," in view of the defeat the candidates on Thursday week.

A NEW ENTERPRISE.—It is proposed by a number of leading Agriculturists of the South to hold an Agricultural Congress in the city of Augusta, Georgia, on the 26th of October next, the movers in the enterprise have issued a circular urging all Agriculturists and Agricultural Associations throughout the country to take steps to be represented in the session.

All communications on the subject should be directed to E. H. Gray, Sec., &c., Augusta, Ga.

WAKE FOREST COLLEGE.—We have the annual catalogue of this College for the Collegiate year 1869-70, by which it appears there were during the year, College students (wholly,) 38, Preparatory 57, mixed, that is taking studies in both departments, 21, making a total of 116. This is a considerable increase over the previous year, and exhibits a state of prosperity and promise of future usefulness that must be highly gratifying to the immediate friends of the institution and the public generally in the State.

FRUIT TREES AND VINES.—J. Lindley & Son have sent us a catalogue of the fruit trees, vines, small fruits, &c., of their Nurseries near Greensboro'. The list embraces a very choice collection of all the fruits grown in this latitude, native and acclimated, with directions as to the time and manner of planting out, mode of treatment and other necessary information for those raising orchards.

J. Lindley is an old Nurseryman and his son has been raised up to the business. They are reliable men in every respect, and the utmost confidence may be placed in them and their trees and plants. Any person intending to begin an orchard would do well to send to them for one of their new catalogues. Their address is Greensborough, N. C. W. H. Jones & Co., are their agents for this city.

TRUTH WILL PREVAIL.

The anomalous state of affairs in North Carolina caused by the encroachments of Gov. Holden on the Constitution of the State and the civil rights of her citizens, is gradually becoming known and understood by the press and people of the North. We give to day several extracts from leading Northern journals, showing that they fully understand and appreciate the situation here, and the real designs of Gov. Holden in his military movements.

Fortunately for us, the Northern press and people are not dependent entirely upon the local press of the State and the people who are the subjects and victims of Holden's oppressive policy, for their information and the condition of affairs here, but Northern men who are traveling in the State and permanent Northern settlers, as well as officers of the Northern army, as intimated by the *World*, are sending North truthful statements of the condition of things among us, and these must, eventually have the effect of placing us in our proper attitude before the people of the North and the world.

We add the following extracts from the N. Y. Evening *Express* of the 22nd:

NORTH CAROLINA.

Gov. Holden, of N. C., now losing hold upon the people, is accused in the North Carolina journals of an attempt to get up an insurrection in the State, in order to influence Gen. Grant to send Federal troops there, under his (Holden's) call. Grant's mind has been filled with all sorts of Ku Klux lies, and being a man not of profound discrimination in matters of fact, has promised, it is said, to back Holden if Holden is resisted. Holden has enlisted a little army of ruffians, mainly from Tennessee, under one Kirk, of Tennessee, who are doing all they can to stir up the contemplated insurrection.

* * * * * *

Holden is one of the very bad men who first stimulated the South into rebellion; then, when the South was in it, struggled for it as long as there was a prospect for its success, but when the prospect was over, and Federal power was re-established, he turned traitor to his own people, and allied himself with carpet baggers and negroes to put down what he got up. Gen. Grant seems to be his tool—as Andrew Johnson was, awhile—for Holden is cunning enough to use all men, all times and all places.

We clip the following from the New York *World*, of the 22nd inst., as bearing truthfully on the state of affairs in this State:

WAR IN NORTH CAROLINA.

Not from native North Carolinians alone, but from officers of the Northern army established since the war in that once free and always true and gallant old commonwealth, we receive the most startling and for every honest and fair minded American citizen, most humiliating accounts of the brutal despotism fastened upon the "old North State" by its "loyal" Governor Holden.

This person, to whom the imbecile administration at Washington have practically abandoned that absolute control of the lives and liberties of the people of North Carolina which was taken from them by the Federal sword, has organized and is now organizing a military force by which he proposes to perpetuate his ill gotten and worse employed authority. His soldiers are forced or bribed from the peaceful pursuits of honest citizenship, put under the command of irresponsible and, for the most part, imported ruffians, and sent right and left throughout the State to browbeat its inhabitants and to dominate its politics.—The columns of the press have borne repeated witness of late, to the outrageous and intolerable tyranny of this petty Radical prince. This witness no man of character has ventured to impugn. It is of record and unquestioned that one of the satellites of Holden, a scoundrel whose name of Kirk, recalls the darkest days of the prostration of English freedom at the feet of the Stuarts, has flung back the writ of *habeas corpus* into the faces of the Judges who have dared to issue it; that he has seized and imprisoned free citizens of America without a pretence or a proffer of any charge against them; that he lives, he with his forces, at free quarters upon an industrious people, like so many German *faustrechts* of the middle ages upon the burghers of Italy or of Flanders.

For all these things who cares? While they are disgracing the nineteenth century and the boasted triumph of free institutions in the New World, the Chief Magistrate of the Union which they make a delusion and a snare is smoking the weed of inaptitude in the halls of indolence at Long Branch. The members of his Cabinet are discharging their minds of all serious responsibilities whatever—this one in the Blue Mountains of Virginia and that one among the fluid or the four-footed delights of Saratoga. The vindictive Radicals, as men who are conscious of a vested interest in torrid penal regions inevitable but as yet unvisited, dissolve the fervent heats of July, and come together, passionate and perspiring, to denounce the "usurper of the French throne," "the butcher of republican Frenchmen," and the persistent disturber of the peace "of Europe."

Suppose all this to be as true and temperate as it is noisy and nonsensical. What interest have we in the "usurper of the French throne," in "republican Frenchmen," or in "the peace of Europe," at all comparable to our interest in the American usurper of State authority in NORTH CAROLINA, in the American butcher of republican Americans, or in the persistent American disturbers of the peace of the United States!

For the Sentinel.

TAR RIVER, GRANVILLE CO.,
July 21, 1870.

DEAR SIR:—The canvass is progressing gloriously in old Granville. The people are fully aroused everywhere. The despotic power on the part of the Radical leaders is producing the most intense disgust all through this section, nearly all the whites, and a great many of colored who voted with the Radicals at the last election, now openly denounce such high handed measures, and declare themselves out and out for the Conservative ticket. At Brassfields to day, one of the largest precincts in the county, Col. Edwards just wore the old kildee man, Lassiter, out to a complete frazzle. His own party, what few were there, seemed to be disgusted with his efforts to clear oup his record. He looked haggard and worn, and his course had been like stagnant water, the more it was stirred the muddier it got, and the worse the stench, until the old kildee broke down in perspiration, disgruntled and retired to his only source of solace, Bonny Bess, who avowed to him, that if he did not get another vote in the county, he would go for him, and as the old fellow walked off I could but "pity the sorrows of a poor old man" for his treachery and deceit.

Mr. Peace also made a crushing speech. He literally skinned the "Ex-Lt. Col. C. S., Hargrove." He commenced by telling the audience of Ex Lt. C.'s record in the Legislature of 1858 and 1859, when he voted to send all free negroes out of the State, and if any wished to remain he voted to sell them into slavery. He reviewed fully his war record, his great fighting propensities, and while in prison the Yankees were so obnoxious to him that he would not even wear the clothes they had for sale, and his utter disgust for them was so great that they nicknamed him "the ragged Colonel from North Carolina," and now they are the great salvators of the country. He piled it on to him for being bought for the small pittance of $300 by the County Commissioners, and he dated his first Radical symptoms to that important event, and he continued in this strain until the Ex-Lt Col. seemed as if he would work and cringe himself into the very bark of an old tree which he sat against. Numbers of old darkies avowed that they would not vote for him. So I think the Colonel is the worst sold man you ever saw, and on the 4th of August he will learn that Holden and his Radical rule has played out in this county.

The people have determined to throw their whole effort into this political contest, by far the most important of any that has taken place since the close of the late war, and the liberal principles of the Conservative party are sufficient to secure the hearty co operation of all classes of our citizens irrespective of party or previous condition, who are anxious to see a better and more economical government placed over us, and if the same enthusiasm prevail all over the State that now pervades this county, Holden and his wicked rule will receive such a shock on the first Thursday in August next as will cause him to recoil to the dirty clime from which he sprang.

You shall hear from me at Tally Ho.

"XLA."

The special term of the United States District Court, will commence in Salisbury on the second Monday in August.

GENERAL AGENTS,
CHARLOTTE N. C.

THE EQUITABLE

HAS BECOME THE LEADING COMPANY OF THE WORLD.

Its New Business (sum assured), for the year 1869, exceeded that of the second company in rank by more than THIRTEEN MILLION DOLLARS.

In 1860 it was the 9th Company in new business for the year; in 1861 it was the 8th; in 1862 and 1863 the 7th; in 1864 and 1865 the 6th; in 1866, the 4th; in 1867, the 3d; in 1868, the 2nd;

In 1869 it was the FIRST.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "ANNUAL" AFTER THAT ONCE BEGIN TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

One hundred Dollars paid in dividends at the end of *one year*, and each year thereafter, equals FOUR HUNDRED AND THIRTY SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

Gentlemen of character desirous of forming a connection with the Society as Agents are invited to communicate with its General Agents.

A NEW DISCOVERY!!

PHALON'S

"VITALIA;"

OR,

Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and colorless. It leaves no mark on the scalp; yet it reproduces in gray hair its natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

READ AND PONDER.

I never read a dozen pages of medicine in all my life, and of course know nothing about it But, as I said before, Dr. Hammond is my authority for saying, that any man who smokes such good Cigars, or chews such good Tobacco, as you can find only at PINCK C. HARDIE'S need have no fear of declining health. But will, on the contrary, improve in health and increase in flesh so long as he continues to use them.

Indeed the authority of such distinguished Physicians as Dr. Hammond is not needed to convince you that I only assert what can be substantiated, by contrasting our esteemed fellow citizens, Jno. C. Palmer and Jas. M. Towles, "who never smoke," with such men as my friends Creech on the corner, Maj Tucker just opposite, Harvey Moore, of the SENTINEL, and Simon Hayes, the Livery Stable man, and a host of others I could name, who use my Cigars and Tobacco.

Suffer a word of exhortation; come and see me. Try my goods, and if I don't suit you go further and fare worse.

Medal Awarded by the Paris Exposition, 1867.

THE AMERICAN COMBINATION

Button Hole & Sewing Machine

Has been honored with the *highest award* in premiums and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work,

Place it unquestionably far in advance of any other similar invention.

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement, never before accomplished by human ingenuity,) making either the Lock Stitch, or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparitively noiseless, easily understood, and in a word, it combines with these ADVANTAGES EXCLUSIVELY ITS OWN THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Mrs. Tompkins' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.

Instructions in the use of the machine will be given to all purchasers *gratis*.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronounding it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

Testimonials without number from citizens of this, as well as those of other States might be published, but the above is sufficient. Any person having the Right can make 8 to 10 bbls., of the Fluid in an hour.

Having the exclusive right to this pump for the states of North and South Carolina, and having established a factory for the manufacture of them at Wilson, N. DEAR SIR.—We certify that the "Balding Pumps" put up by you in the town of Scotland Neck are a perfect success. They pump very rapidly, and by attaching hose, will throw water from 40 to 60 feet and would prove invaluable in case of fire.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation for *judgment of investment, economy of management, and skil and care in the selection of risks*,—upon which elements of administration the security of a Life Insurance Corporation depends.

The laws of New York *compel* Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the BROOKLYN LIFE.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."
